RE: Keeyask Hydro Project.

I am, Daralee Ross

I am in Grade 10.

This is what I think.

I think its bad, cause we got dirty water
People get sick from the water. It will harm
the fish, trees, people...etc. Probably all of us
don't want another dam. ONE is good enough.
The other people who build that one in jen peg
already harmed are land! what happed to the
Clear water Crosslake had? Now look at are
water we got now! its dirty, disjusting, filty...etc.
