

October 31, 2014

Wesley Penner  
Manager, Hydraulic Operations  
P.O. Box 815 Station Main  
Winnipeg, MB R3C 2P4

Dear Mr. Penner:

The Commission has carefully reviewed the submission of July 31, 2014, provided per our request of November 2, 2011.

It has come to our attention however, that requested items as part of item 6 have not been provided.

*Please provide copies of all agreements, accommodations, processes, etc. entered into between Manitoba Hydro and First Nations, communities, resource user groups and federal and provincial governments addressing LWR issues and the cumulative effects of other hydro-electric developments throughout the Nelson River and their implementation as described in your letter of 2010 12 22 to Mr. Topping.*

Items outlined in the letter to Mr. Topping include:

- The Northern Flood Agreement (NFA)
- NFA Implementation Action Plan process
- Comprehensive Implementation Agreements (CIA)
- Cross Lake Community Council agreement modeled on the CIA process
- Norway House Community Council agreement (should it be finalized)
- Adverse Effects Agreements

This documentation has not been provided as part of the plain language document nor have website links been identified.

Recently we also became aware of an agreement with the Wabowden Community Council, which should be included in the list.

A more fulsome description of the negotiating processes, the groups involved, the issues addressed and the outcomes may also be helpful.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Terry Sargeant". The signature is fluid and cursive, with a large, prominent loop at the beginning.

Terry Sargeant  
Chair
