Hello, my name is Keena Everett.

We have lived in Oakbank some 40 years and we have a well. Now it seems that this Silica Sand Project wants to extract water near Vivian which has about a 99 per cent chance of our water being tainted and we will be unable to drink it. .

I have been at meetings around our area and Silica Sand ,,who are only a for Profit Company and don't really care if and WHEN problems with production occur. When this happens there is NO way this could or CAN to fixed. Our water system covers All of South Eastern Manitoba ,so this is NO LAUGHING MATTER.

Once contaminated , our water supply IS DESTROYED FOR EVER.

Therefor I AM completely AGAINST MOVING FORWARD WITH THIS VENTURE  
Don't let us down Keena Everett.
