Hi,
I'm a long time cottage owner on the Brokenhead River near Beausejour and I'm absolutely disgusted with how this project is being pushed through without the proper tests and/or concern for the environmental impacts. It's like the land is being handed over without any review for the future. 25 years of mining will be catastrophic, not to mention the impacts on fish and the river and surrounding wildlife. This needs to be stopped.

Jc
James Culleton
