We are sending this email to you as we are in opposition of the Silo Silica Project going through. This project no way benefits anyone in the area or anyone in Manitoba. The residents in the area are tired of being taken advantage of for someone else's gain. We have had enough. Please do not let this project continue and have it cancelled. We have been long time residents of the RM of Springfield for the last 35 years, and have long enjoyed the pristine drinking water of our aquifer. Please don't destroy it for us for someone else's gain!

Alden&Sally Darragh
