Land Legal Description
SW 1-9-7E 1/4 section

To: The Clean Environment Commission,

I am writing this letter to protest the placement of the Hydro line through my land.

I have signed and have entered into an easement agreement, because when he laid that cheque in front of me, I could not refuse it, for me I thought, it gives me enough money to choose a Senior Home of my choice.

I will be 80 years old soon and like to take live a bit easier, not that I want to, but I have to. So as it is, Hydro throws money out like it is garbage, but what will be very true, is that all of us and our children will have to pay for it.

Therefore it is not too late for the Clean Environment Commission to say NO to Hydro, and get them to move the line.

Sincerely yours
Frank Clincke
